CHALLENGER /// CHARGER /// DURANGO

//// DODGE CHALLENGER SXT RWD & AWD

Challenger is muscle in its leanest, meanest form made of horsepower and torque. Its throwback styling hails from the storied 1971 model, melding retro styling with fierce attitude. It starts with a heritage split-grille surround, a power-bulge hood with functional inlets, and menacing projector headlamps with quad halo LED. Slide inside, the interior is designed around the most important element: the driver. The heritage-inspired interior is finely crafted and loaded with technology to put you in control. Technology that makes muscle cars stronger and cars that offer entertainment choices even more epic.
